

Run the whole school from one place.

The timetable, cover, absences, letters home and marks often live in different programs, with spreadsheets in between that someone reconciles by hand. **Bildena brings them into one system** that runs in the browser — for the head, the office, every teacher and every family. Start with the timetable, or start with everything.

TIMETABLE ONLY

Bildena Scheduler

Conflict-free timetables, cover and the duty rota — for schools that keep their current school management system. **Pro** adds course choice, course blocks, student timetables and teachers' working time.

from €490 a school a year

THE WHOLE SCHOOL

Bildena School

The full Bildena Scheduler Pro is included, plus registers, letters, grades and reports, support plans, enrolment, finance, all-day care and the family app. Switch off what you do not use; the price stays the same.

€5 a student a year · at least €1,000 a school

What Bildena does for your school Scheduler: 01–05 · Bildena School: everything

- | | |
|---|---|
| <p>01 Solved, conflict-free
Google OR-Tools CP-SAT guarantees hard rules and weighs preferences — live in the browser, stop any time.</p> <p>03 Adjust by hand
Move one lesson and only the lessons it collides with are replanned. Publish in one click.</p> <p>05 Courses and working time PRO
Course choice, course blocks, a timetable for every student; teachers' working time for all 16 German states.</p> <p>07 Grades and reports SCHOOL
Gradebooks, exams, reports; families see marks only once the school releases them.</p> | <p>02 Honest before it solves
If a timetable cannot exist, Bildena says so at once and names the rules that clash.</p> <p>04 Cover and duties
Cover proposals within your rules; the duty rota has its own solver.</p> <p>06 Registers and letters SCHOOL
Attendance by lesson, absences, letters and consents in each family's language.</p> <p>08 App for families SCHOOL
iOS and Android: report an absence, sign letters, book parent evenings.</p> |
